TMT REBARS — Fe 500D PRICE BROCHURE

Publicly verifiable rates • August 2026 reference • ■/kg and ■/metric tonne

IMPORTANT PRICE NOTE

Ye corrected price brochure hai. Pehle jo PDF diya gaya tha wo product brochure tha, price brochure nahi. Is PDF mein sirf publicly verifiable prices ko price ke roop mein dikhaya gaya hai. RINL ki official website warns customers to deal only with RINL Branch Sales Offices because fake Vizag Steel supply identities are circulating. Therefore, an online seller's rate is not automatically an official RINL quotation.

B. MARKET REFERENCE — NOT RINL EX-PLANT

For comparison only, a Bangalore dealer price page updated 4 July 2026 listed Vizag Steel TMT at the following approximate market ranges. These are **not** the same as an official RINL plant quotation and should not be represented as such.

Size	Bangalore market range / MT	Approx. ■/kg	Reference type
8 mm	■53,500 – ■55,000	■53.50 – ■55.00	Dealer market
10 mm	■53,000 – ■54,500	■53.00 – ■54.50	Dealer market

25 mm	■51,000 – ■52,500	■51.00 – ■52.50	Dealer market

C. AUGUST 2026 MARKET CHECK

A separate Bangalore dealer page updated in August 2026 gives an overall indicative Vizag TMT price of about **■76,000/MT (■76/kg)**. This is a broad current market indication and is not a size-wise RINL ex-plant circular. Because these sources use different channels and locations, they should not be mixed into one 'official wholesale' rate.

D. WHAT 'WHOLESALE PRICE' MEANS

For a genuine wholesale purchase, the usable figure should be taken from the current RINL quotation/dispatch advice for the exact size, grade, quantity and delivery point. Ex-plant price is different from a delivered Punjab/Punjab-border rate because freight, loading/handling, GST and other commercial terms can change the final landed price.
